FIRE AT HIS BROTHER.

Frederick Sefton to Await Grand Jury's Action.

The speedy action and presence of mind exhibited by Mount Pleasant Michael Reedy of the county patrol yesterday afternoon, together with bad marksmanship, prevented bloodshed and possibly a murder, and resulted in the arrest of Frederick C. Sefton, thirty-two years of age, on a charge of assault with a dangerous weapon, on his brother, A. W. Sefton, of 706 1st street northwest.

Four shots in rapid succession disturbed the usual quiet of the neighborhood of 1st and G streets northwest a few minutes before 5 o'clock yesterday afternoon and attracted the attention of Policeman Reedy, who was in that vicinity. Hastening to the scene he found Frederick Sefton standing near the corner mentioned with a smoking revolver in his hand after having fired at his brother, and the officer immediately knocked the weapon from his hand and grappled with him, finally landing him behind the bars at the sixth precinct police station.

The Seftons, who are brothers, are both employed in the government printing office, and, it is said, that there has been a difference between them for several months, neither speaking to the other. Before Judge Kimball of the Police Court today, valued a preliminary hearing, and was held under \$1,000 real estate security to await action by the grand jury.

SERIOUSLY HURT.

Brookland Citizen Struck by City and Suburban Car.

Mr. James Baird of 1025 Dover street, Brookland, is under treatment at the Emergency Hospital for severe injuries received last night by being struck by a City and Suburban electric car. Mr. Baird was walking toward his home on the car tracks about 8 o'clock, and the car struck him when he was between 12th street and the tracks of the Baltimore and Ohio steam road. He was caught in the fender and carried a short distance. The motorman stopped the car as soon as he could. The injured man was unconscious when taken from the fender, and he was removed to the hospital, where the physicians reported him to be in a serious condition. There was apparently no fracture of the skull, but the patient's condition indicated a hemorrhage of one of the smaller blood vessels of the head. His condition showed signs of improvement during the night and while he was not fully conscious this morning his general condition was better than when he reached the hospital last night.

Soda Water "Stick" in It.

Commissioner Yerkes of the Internal revenue bureau has rendered a decision in which he rules that druggists and others who sell soda water drinks, clear soda or similar beverages, to which distilled spirits, wine, or any compounds thereof are added in any quantity, however small, are required to pay special tax as retail liquor dealers under the internal revenue laws. Under the old ruling druggists and others were allowed to add to soda water and other soft drinks an inappreciable quantity of distilled spirits or wines for flavoring purposes. The former ruling is revoked, to take effect January 1, 1903.

NATIONAL BANK CLOSED.

Receiver Put in Charge of Institution at Hyndman, Pa.

Controller of the Currency Ridgely had closed the National Bank of South Pennsylvania at Hyndman, Pa., and has appointed Walter R. Mason, bank examiner, as receiver.

The report of condition of the bank at the close of business November 25, 1902, shows its resources and liabilities on that date as follows:

Resources—Loans and discounts, \$33,410; bonds and interest on same, \$13,700; stocks, securities, claims, etc., \$17,040; due from national and other banks, \$17,275; legal tender and specie, \$3,544. Liabilities—Capital stock, \$30,000; surplus and undivided profits, \$10,016; circulating notes, \$12,500; due to national and other banks, \$3,068; deposits, \$40,432. The failure of the bank was due to losses sustained through large loans made to officers and directors. A controversy has existed between the stockholders of the bank of several weeks' duration, and an attempt was made to arrange the affairs of the bank and prevent a receivership. Owing to the impossibility of any agreement being reached, the controller today appointed a receiver at the request of the larger stockholders.
